## Manifestations of Mastery

**I am the Lord Merlin, with another in a series of transmissions for workers of the light to assist them in their walk of ascension and of mastery, bringing to the earth plane many new dispensations of assistance and blessings .. to alleviate the burden of this path to mastery each of you walks .. to lighten the load .. and to bring cosmic tools .. to effect great change and transformation.**

**If you will now open your channels of light, opening the higher chakras to connect with the Source realms, reaching through the suns and moons, the celestial realms, galactic and cosmic realms, to the realms of Source .. and opening the lower chakras and**

securing your energies firmly to the centre of the earth, to Gaia's crystal heart. Breathing deeply, and expanding, opening your heart in an expansion and an acceptance, surrendering all in your life which is not working for you .. and receiving many blessings of light codes as they stream through your open crown and fill your field and all of your chakras with light .. and the light expands and overflows from your crown, filling you with expansion and with light, increasing the velocity and volume of light you emit .. and this light which spills over and overflows into all of your being removes the distortions in your field, obstructions, distorted thinking and behaviours, ancient memories of sadness, confusion, doubt, pain .. such that bring into your field and into your life experiences which mirror that which you hold.

It is offered clearly and firmly .. that your priority as workers of the light is to clear yourselves of these karmic memories .. to work with every incident in your life and to search for the pattern you are shown in every experience that causes pain, confusion, distress, sadness, doubt. For until the akasha of your soul is empty, you will continue to draw into your life experiences which seek to bring the cause of your distorted life to your attention.

Working now with each pattern you may observe in your life that causes limitation .. that creates pain and conflict and sadness .. stuckness. With many angels flocking to be by your side to enable you to pull apart the onion skins of your being .. and to own, honestly, fully, each limitation and pattern that you hold. Working from within the parameter of the personal challenges you sit within at this moment .. what it is that is creating limitation in you at this moment .. for this is the latest in a series of initiations with which you are faced .. and it is for you to fully 'own' your own part in every incident in your life. To allow now the blame projected on others to be removed .. by the angels .. who assist you to see very clearly now your own behaviour patterns, your own limiting beliefs .. putting aside for the moment the part that others play .. and looking only at your own reactions, own behaviours.

Each of you holds great mastery .. and much is asked of you within this mastery .. as workers of the light it is beneath your sovereignty of mastery to continue to blame others. It is asked of you to 'own' your mastery .. and to work with self-discipline and

**self-knowledge .. in this path of restoration to divinity which each of you walks. And there are responsibilities to self within this path .. of ensuring the complete clearing of all karmic detritus held in your soul's akasha.**

**And so, it is not for you to continue to place blame on others .. but in every incident, every circumstance of your life .. to turn the karmic mirror so that it is clearly seen .. and to own your own part, own behaviour, own limitations, own wounds, own memories.**

**If for example in your life there are those who challenge your power, who seek to disempower you, and to challenge your belief in yourself and in your ability .. then this is occurring because you are holding core memories and wounds from an ancient life, held as akashic records in the chakras of the energy body .. which are creating a forcefield of energy. Under the law of attraction, the core records you hold will attract to you situations which will mirror to you what you hold. And so, until you empty the akasha of your soul by releasing these records .. you will continue to attract into your life recurring experiences .. these are the limiting patterns which continue until they receive healing and release.**

**And for workers of the light, there are cosmic gifts brought to earth now .. to effect quick and easy methods of clearing and restoration!**

**It is only required of you that you 'own' your limitations, that you acknowledge your own behaviours that are disempowering, limiting, saddening, confusing. Only required of you that you bravely own and acknowledge what you hold .. and to request its release from the akasha of your soul. There is courage and bravery required of you in this .. to not hold fast as you may have done in the past to your own point of view .. but to relinquish your need for blame of another .. and to turn the karmic mirror upon yourself.**

**Once you commence this work of uncovering what lies deep within your chakras as ancient memory and limiting behaviour .. it will become a discipline that is a part of your daily routine and one which will greatly empower you .. for you will discover that your life becomes more easy, less troubled, with less conflict, less pain and sadness.**

**As you wake up, and the beautiful mind clicks in with its beautiful stories of what is troublesome in your day, in your life .. when you become in the habit of seeing the patterns which your mind is showing you .. you will find great personal power in taking advantage of using these few minutes each morning to acknowledge the patterns you are being shown, and to request their release.**

**And again at night as you fall into sleep, the beautiful mind gives you another opportunity to look at the patterns of your life, the initiation within which you walk .. and again to acknowledge your issues, your difficulties, your challenges, your distorted patterns .. and to ask for help in their release.**

**Held by many angelic ones, if you will now open your being and uncover, travelling to the core of your being to see, to own, to acknowledge your own part, own behaviour, own patterns in the initiation you walk within, that which most challenges you at this time.....**

**And as these limiting beliefs and behaviours, programs, thoughtforms, memories are acknowledged and released .. the field of Merlin's manifestation of magical magnetism demagnetizes the electro-magnetic field of your being of all negativity, duality and distortion .. as the circle of fire of Purity and Astrea encircles the distortions and dualities. Surrender these distortions and dualities that they may be demagnetized from your being, gathered by the angels, and placed inside the circle of fiery light .. and cut now by the sword of truth, which cuts away all that is not of light, all that is not of your divine blueprint .. as all that is of duality is demagnetized and cast from your being.**

**Calling now to the Karmic Board and asking that they release the karmic records, releasing the original core memory, record, experience, belief, program and pattern that causes you to react in this way .. crossing the dimensions and all time and all space to release the original core record and memory, and each experience that has occurred in all lifetimes that had its origin in the original core memory .. with karmic absolution given you .. and with all cords cut now between you and any karmic partners .. releasing**

**you from your karmic burdens .. releasing you from the initiation you walk. With the breath, you may release all.**

**Working with the karmic patterns many times, revealing you to yourself .. and releasing all that is distorted .. empties the akasha of your soul of all negativity and pain. You will see the benefit as life becomes more peaceful, and as core patterns of pain and confusion leave. Light descends, hope returns .. and you see the possibilities of really embodying your divine qualities, for the doubts and fears that currently hold you back will no longer trouble you. As you become in the habit of constantly releasing karmic records, life transforms.**

**You are ready .. to begin .. this path of mastery and mission .. but first it is necessary to come to terms with your own darkness and to deal with this.**

**Breathing deeply, and opening the heart .. clear now of all distortion .. having released this initiation within which you have been walking. And you may wish to work with this meditation many times, for it will set you free from your initiations and from your distorted and limiting behaviours!**

**Opening yourself now .. for a vacuum has been created .. into which the angels pour soul gifts .. received as packages of light encoded with soul gifts which are restored to your chakras and to your light body. Receiving these with gratitude .. for you are ready .. to begin, dear ones of the light, to begin to share your light, your love, and your gifts with all of humanity.**

**Great acceleration occurs .. the dawning of the New Age you sit within. You are the creators of the New World, and as such you are given all that you require. Never alone dear ones, never alone .. you walk with leagues of angelic ones and helpers from all the dimensions.**

**I Am your Merlin.**
